COMMITTEE REPORTS

Parks: Josh Collette informed council the Parks Committee met last Thursday and conveyed to the council they were happy with the nets and that the committee is continuing working on the ongoing issues at 10th Street Park.

Public Works: Pat Miller informed the council that the Public Works Committee will be meeting Thursday at 5:30.

Finance Committee: Josh Collette informed the council that they will be meeting in June and wanted to clear up that the analysis should be the responsibility of the mayor and staff in regard to whether or not they want a minimum fund balance and other policy related items that fall under the Finance Committee. Mayor Sorensen requested to be at the next finance meeting to discuss some policy ideas that he has.

WRITTEN STAFF REPORTS

Chief Shultz informed council that it is Law Enforcement Memorial Week and would like for everyone to give thanks to families and spouses of those who have made the ultimate sacrifice. Chief Shultz is concerned about staffing shortages. One officer is out on a possible long-term injury. E-911 is also experiencing staffing shortages. Code enforcement letters went out.

OTHER STAFF REPORTS

Joe Chrystal informed council the Mini Storage project is wrapping up. The church project has gotten the steel going. The project at the hospital is going on. Regarding the new restaurant coming in, the RB's just need to be picked up. Last year he had 2 or 3 houses that were being built and so far this year, he has six houses.

Dee Depoe informed council that they started on the library project today and thanked Jim and crew for fixing the hole in the hot water tank. The Public Works crew did a great job.

Jillana Bickford, Elma Chamber informed council they have a parade at the end of the month and have over fifty entries. City wide garage sale register sheet forms are ready and there is a $5.00 fee and all forms are due by June 18th. The dates for the city-wide garage sale are June 24th through the 25th. The Farmer's Market will start June 3rd. The Heat on the Street is going pretty fast and people are getting registration forms in. The Street dance will be August 5th.

CITY COUNCIL REPORTS

Mike Cooper: Glad to be here.

Pat Miller: Thanked the Department Heads for doing a great job.

Bethany Whipple-Boling: Welcomed back Mike Cooper.

John Heater: Informed council that some high school kids need to perform community service. He will talk to Jim Starks.

Josh Collette: Happy to see Mike Cooper

MAYOR'S REPORT

Mayor Sorensen brought Mike Cooper up to speed regarding the improvements at the Veteran's Memorial Park. Mayor Sorensen informed the council that he met with Rolling Thunder on Sunday, and they have put together what Long Beach has done to their Veteran's Memorial Park. They scheduled an onsite visit and will be leaving the Montesano VFW at 10:00 a.m. on June 11th to tour the Long Beach Park. Mayor Sorensen would like to put a Chair of Honor at no cost to the city in City Hall and there will be someone who will give a presentation at the June meeting to explain the process. The mayor also brought to the council's attention a memo from Jim Starks regarding amendment #1 to the 12th St. Water and Street Project. The original amount was $24,400.00 for engineering and the amended amount is $34,600, which brings the total agreement to $59,000 for Gibbs and Olson. After discussion, the council decided to table this and discuss it at a Special Meeting on Monday, May 23, 2022, at 6:00 p.m., with the Work Session to follow.

Next council meeting will be Tuesday June 21, 2022, at 6;00 p.m.

ADJOURNMENT

Pat Miller made a motion to adjourn, seconded by John Heater. All council members voted in favor. Motion carried.

Jim Sorensen – Mayor

Wendy Collins – City Clerk/Treasurer

AGREEMENT CONCERNING PAID LEAVE REIMBURSEMENT

THIS AGREEMENT is made and entered into this _____ day of _____, 202__ by and between the City of Elma, herein referred to as "City," and Stephanie Richardson, herein referred to as "Claimant."

WHEREAS, Claimant was an employee with the City from the dates of July 3, 2006, and October 20, 2021; and

WHEREAS, Claimant claims to be entitled paid leave reimbursement up to and including the date of this Agreement, pursuant to the Families First Coronavirus Response Act (FFCRA), for paid leave used between April 1, 2021, and December 31, 2021, because of COVID-related school closure, which required Claimant to instruct and supervise her children at home; and

WHEREAS, the City has inspected its payroll records and reviewed further information provided by Claimant; and

WHEREAS, both Parties wish to resolve any and all potential claims arising out of, or related to, the situation described herein; and

WHEREAS, this matter was approved by the Elma City Council on _____, 2022; and

THE PARTIES MUTUALLY AGREE AS FOLLOWS:

1. The parties agree to settle the Claimant's claim in the amount of $823.13 itemized as follows:

a. $664.44 ($31.64 per hour x 21 hours), minus usual withholdings, representing 21 hours of paid leave that employee used instead of FFCRA-qualified leave.

b. $21.19, representing statutory interest of 12% for 97 days between October 29, 2021 and February 2, 2022.

c. $137.50 (Attorney fees of .5 hours)

2. In consideration for the above, Claimant hereby stipulates, agrees, and accepts the settlement amount of $823.13, and said settlement amount constitutes a full and final settlement of all claims, including interest, penalties or attorney fees for said paid leave owed to Claimant. Employee hereby waives, disclaims, and considers satisfied any claim, action, suit, grievance, or cause of action Employee may have, whether known or unknown, arising out of, relating to, or connected with, paid leave reimbursement, arising out of her employment with the City of Elma.

3. Claimant represents that for each day in which she claims entitlement to reimbursement that she was unable to work (or telework) based on a need to care for a child under age 18 due to closure of the child's school or unavailability of the child's childcare provider due to a public health emergency. Claimant understands to submit the claim described herein that does not qualify for reimbursement may have legal consequences. Claimant hereby acknowledges that she has reviewed and understands the content of this Agreement, and that Claimant has consulted with an attorney, and may seek further advice of an

attorney prior to entering this agreement, and that Claimant has had the opportunity to do so. Claimant acknowledges that this Agreement is not binding until signed by both Parties.

City of Elma
MCAG No. 0338
Notes to the Financial Statements
For the year ended December 31, 2021

Note 1 - Summary of Significant Accounting Policies

The City of Elma was incorporated in 1889 and operates under the laws of the state of Washington applicable to a city government. The city is a general purpose local government and provides public safety, fire prevention, health and social services, and general administrative services.

The city reports financial activity in accordance with the *Cash Basis Budgeting, Accounting and Reporting System* (BARS) Manual prescribed by the State Auditor's Office under the authority of Washington State law, Chapter 43.09 RCW. This manual prescribes a financial reporting framework that differs from generally accepted accounting principles (GAAP) in the following manner:

- Financial transactions are recognized on a cash basis of accounting as described below.
- Component units are required to be disclosed, but are not included in the financial statements (see *Notes to the Financial Statements*).
- Government-wide statements, as defined in GAAP, are not presented.
- All funds are presented, rather than a focus on major funds.
- The *Schedule of Liabilities* is required to be presented with the financial statements as supplementary information.
- Supplementary information required by GAAP is not presented.
- Ending balances are presented using classifications that are different from the ending net position classifications in GAAP.

A. Fund Accounting

Financial transactions of the government are reported in individual funds. Each fund uses a separate set of self-balancing accounts that comprises its cash and investments, revenues and expenditures. The government's resources are allocated to and accounted for in individual funds depending on their intended purpose. Each fund is reported as a separate column in the financial statements, except for fiduciary funds, which are presented by fund types. The total column is presented as "memo only" because any interfund activities are not eliminated. The following fund types are used:

GOVERNMENTAL FUND TYPES:

General Fund

This fund is the primary operating fund of the government. It accounts for all financial resources except those required or elected to be accounted for in another fund.

Special Revenue Funds

These funds account for specific revenue sources that are restricted or committed to expenditures for specified purposes of the government.

Debt Service Funds
These funds account for the financial resources that are restricted, committed, or assigned to expenditures for principal, interest and related costs on general long-term debt.

Capital Projects Funds
These funds account for financial resources which are restricted, committed, or assigned for the acquisition or construction of capital facilities or other capital assets.

PROPRIETARY FUND TYPES:

Enterprise Funds
These funds account for operations that provide goods or services to the general public and are supported primarily through user charges.

FIDUCIARY FUND TYPES:

Fiduciary funds account for assets held by the government in a trustee capacity or as a custodian on behalf of others.

Custodial Funds
These funds are used to account assets that the government holds on behalf of others in a custodial capacity.

B. Basis of Accounting and Measurement Focus
Financial statements are prepared using the cash basis of accounting and measurement focus. Revenues are recognized when cash is received, and expenditures are recognized when paid.

In accordance with state law the city also recognizes expenditures paid during twenty days after the close of the fiscal year for claims incurred during the previous period.

C. Cash and Investments
See Note 4 - *Deposits and Investments*.

D. Capital Assets
The city has no formal capitalization policy. Capital assets and inventory are recorded as capital expenditures when purchased.

E. Compensated Absences
Vacation leave may be accumulated up to 240 for police per NFOP Contract, and up to 200 hours per Teamsters contract and 320 hours for administrative non-represented employees and is payable upon separation.

Sick leave may be accumulated with a maximum of one third (320 hours) of total of 960 hours. Upon retirement only, employees receive payment for one third of unused sick leave. Payments are recognized as expenditures when paid. The total compensated absence liability as of December 31, 2021 was $186,910.

F. Long-Term Debt

See Note 9 – *Long-Term Debt (formerly Debt Service Requirements)*.

G. Restricted and Committed Portion of Ending Cash and Investments

Beginning and Ending Cash and Investments are reported as restricted or committed when it is subject to restrictions on use imposed by external parties or due to internal commitments established by council. When expenditures that meet restrictions are incurred, the city intends to use the most restricted resources first.

Restrictions and commitments of Ending Cash and Investments consist of:

Fund Name	Portion of Ending Balance Restricted	Portion of Ending Balance Committed	Combined	Reason for Restriction or Commitment
General Fund	824,712		824,712	Revenue Source Restriction
Street Fund	546,875		546,875	Revenue Source Restriction
Hotel/Motel Tax Fund	**257,724**		257,724	Revenue Source Restriction
GO Bond Fund	8,883		8,883	Bond Covenant Restriction
REET Fund	**312,611**		312,611	Revenue Source Restriction
Water Fund	134,500		134,500	Bond Covenant Restriction
Court/State Passthrough Fund	3,308		3,308	Custodial Funds
	$ 2,088,612	$ -	$ 2,088,612	

Note 2 - Budget Compliance

The city adopts annual appropriated budgets for all funds. These budgets are appropriated at the fund level, except the General Fund which is budgeted at the Department level. The budget constitutes the legal authority for expenditures at that level.

Annual appropriations for these funds lapse at the fiscal year end. Annual appropriated budgets are adopted on the same basis of accounting as used for financial reporting.

The appropriated and actual expenditures for the legally adopted budgets were as follows:

Fund/Department	Final Appropriated Amounts	Actual Expenses	Variance
001 - General Fund	$ 3,333,345	$ 3,052,135	$ 281,210
102 - Street Maintenance Fund	$ 739,100	$ 405,847	$ 333,253
103 - Cemetery Fund	$ 76,650	$ 63,427	$ 13,223
106 - Hotel/Motel Tax	$ 94,800	$ 76,272	$ 18,528
201 - G.O. Bonds Fund	$ 10,985		$ 10,985
Water Fund	801,530	651,453	150,077
Water & Sewer Construct. Fund	620,000	531,387	88,613
Total 401 - Water Fund	$ 1,421,530	$ 1,182,840	$ 238,690
Sewer Fund	640,170	544,124	96,046
Sewer Construction Fund	951,500	659,293	292,207
Total 403 - Sewer Fund	$ 1,591,670	$ 1,203,416	$ 388,254
407 - Ambulance Fund	$ 234,100	$ 227,996	$ 6,104
652 - Court -State Reimbursements	$ 600	$ 42,489	$ (41,889)

Budgeted amounts are authorized to be transferred between departments and funds; however, any revisions that alter the total expenditures of a fund, or that affect the number of authorized employee positions, salary ranges, hours, or other conditions of employment must be approved by the city council.

The City of Elma did not have any budget amendments.

There were no interfund transfers over $1,000.

There were no consolidations, except for $500,000 in appropriations and actual expenditures excluded due to consolidation of funds.

There was a -$41,889 variance in Fund 652, Court/State Reimbursements. This is a pass-through only fund. This fund is not part of the regular budgeting process.

Note 3 – COVID-19 Pandemic

In February 2020, the Governor of the state of Washington declared a state of emergency in response to the spread of the deadly new virus known as COVID-19. In the months following the declaration, precautionary measures to slow the spread of the virus were ordered. These measures included closing schools, cancelling public events, limiting public and private gatherings, and restricting business operations, travel and non-essential activities.

On March 16, 2020, the City of Elma declared an emergency through an emergency executive order, closing City of Elma facilities to the public and discontinued various services during the emergency executive orders that followed as prescribed by Governor Inslee throughout the covid-19 pandemic.

The city affirmed the stay-at-home order, temporarily closing all public buildings to the general public, suspended the penalties for water, sewer and waived water shut offs, and public meetings were temporarily replaced with telephonic meetings. When the governor reopened the State on June 30, 2021, the city followed the recommendations of continuing wearing masks and using covid safety protocols.

Covid-19 was a direct impact on our revenues especially current expense revenues. The city received monies through the federal government distributed by the American Rescue Plan Act (ARPA). The program was intended to provide support to State, territorial, local, and Tribal governments in responding to the economic and public health impacts of COVID-19 and in their efforts to contain impacts on their communities, residents, and businesses. The ARP monies will be distributed in two tranches: one in 2021 and the other in 2022. The city is not required to spend either tranche right away and is allowed to spend the funds until the end of 2024.

The length of time these measures will continue to be in place, and the full extent of the financial impact on the city is unknown at this time.

Note 4 – Deposits and Investments

Investments are reported at amortized cost. Balances by type at December 31, 2021 are as follows:

Type of Deposit or Investment	(City/Town/District)'s own deposits & investments	Deposits & investments held by the (City,Town/District) as custodian for other local governments, individuals, or private organizations.	Combined
Deposits	1,247,517	3,308	1,250,825
LGIP	4,762,821		4,762,821
			0
Totals	$ 6,010,338	$ 3,308	$ 6,013,646

It is the city's policy to invest all temporary cash surpluses. The interest on these investments is prorated to the various funds.

All deposits and certificates of deposit are covered by the Federal Deposit Insurance Corporation and the Washington Public Deposit Protection Commission. All investments are insured, registered, or held by the city or its agent in the government's name.

Investments in the State Local Government Investment Pool (LGIP)

The city is a voluntary participant in the Local Government Investment Pool, an external investment pool operated by the Washington State Treasurer. The pool is not rated and not registered with the SEC. Rather, oversight is provided by the State Finance Committee in accordance with Chapter 43.250 RCW. Investments in the LGIP are reported at amortized cost, which is the same as the value of the pool per share. The LGIP does not impose any restrictions on participant withdrawals.

The Office of the State Treasurer prepares a stand-alone financial report for the pool. A copy of the report is available from the Office of the State Treasurer, PO Box 40200, Olympia, Washington 98504-0200, online at www.tre.wa.gov.

Custodial Credit Risk

Custodial credit risk for deposits is the risk that, in event of a failure of a depository financial institution, the city would not be able to recover deposits or would not be able to recover collateral securities that are in possession of an outside party. The city's deposits and certificates of deposit are mostly covered by federal depository insurance (FDIC) or by collateral held in a multiple financial institution collateral pool administered by the Washington Public Deposit Protection Commission (PDPC).

All investments are insured, registered, or held by the city or its agent in the government's name.

Note 5 - Interfund Loans

The following table displays interfund loan activity during 2021:

Borrowing Fund	Lending Fund	Beginning Balance	New Loans	Payments	Ending Balance	Interest Rate
1	401	0	278,625.00	278,625.00	-	0

The General Fund borrowed from the Water Fund for the purpose of bridge financing for a new fire apparatus purchase. The General Fund repaid in full after securing a LOCAL program loan for permanent financing for the vehicle.

Note 6 – Long-Term Debt *(formerly Debt Service Requirements)*

The accompanying Schedule of Liabilities (9) provides more details of the outstanding debt and liabilities of the city and summarizes the city's debt transactions for year ended December 31, 2021.
The debt service requirements for general obligation bonds, and/or revenue bonds are as follows:

Year	Principal	Interest	Total Debt Service
2022	171,575	25,048	196,623
2023	159,746	19,926	179,672

2032-2036	110,000	51,000	161,000
2037-2041	135,000	21,000	156,000
Totals	$ 773,547	$ 245,724	$ 1,019,271

Note 7 – OPEB Plans

The LEOFF I Retiree Medical Plan is a closed, single-employer, defined-benefit OPEB plan administered by the city. The plan pays for 100% of eligible retirees' healthcare costs on a pay-as-you-go basis. As of December 31, 2021, the plan had three (3) members, all retirees. As of December 31, 2021, the city's total OPEB liability was $1,918,611, as calculated using the alternative measurement method. For the year ended December 31, 2021, the city paid $42,289 in benefits.

The City has not previously disclosed OPEB liability for its LEOFF 1 Retirees.

The City maintains an HRA VEBA account for police officers. This is a defined contribution plan that has both employee and employer contributions. The City's responsibility for making contributions ends when the employee separates or retires. The City's contribution to this plan as of December 31, 2021 was $4,200.

Note 8 – Pension Plans

A. State Sponsored Pension Plans

Substantially all the city's full-time and qualifying part-time employees participate in the following statewide retirement systems administered by the Washington State Department of Retirement Systems (DRS), under cost-sharing, multiple-employer public employee defined benefit and defined contribution retirement plans PERS, LEOFF 2, and DCP.

The State Legislature establishes, and amends, laws pertaining to the creation and administration of all public retirement systems.

The Department of Retirement Systems, a department within the primary government of the State of Washington, issues a publicly available comprehensive annual financial report (CAFR) that includes financial statements and required supplementary information for each plan. The DRS CAFR may be obtained by writing to:

Department of Retirement Systems
Communications Unit
P.O. Box 48380
Olympia, WA 98540-8380

Also, the DRS CAFR may be downloaded from the DRS website at www.drs.wa.gov.

The city also participates in the Volunteer Fire Fighters' and Reserve Officers' Relief and Pension Fund (VFFRPF) administered by the State Board for Volunteer Fire Fighters and Reserve Officers. Detailed

information about the plan is included in the State of Washington CAFR available from the Office of Financial Management website at www.ofm.wa.gov.

At June 30, 2021 (the measurement date of the plans), the city's proportionate share of the collective net pension liabilities, as reported on the Schedule of Liabilities (9), was as follows:

Plan Type	Employer Contributions	Allocation Percentage	Plan Liability / Asset	NPL	NPA
PERS 1 UAAL	**42882.49**	**0.00575700%**	**1,221,234,000**	**70,306**	
PERS 2/3	70,107.91	0.00740100%	-9,961,609,000		(737,259)

		Totals		$ 70,306	$ (988,632)

LEOFF Plan 1
The city also participates in LEOFF Plan 1. The LEOFF Plan 1 is fully funded and no further employer contributions have been required since June 2000. If the plan becomes underfunded, funding of the remaining liability will require new legislation. Starting on July 1, 2000, employers and employees contribute zero percent.

LEOFF Plan 2
The city also participates in the LEOFF Plan 2. The Legislature, by means of a special funding arrangement, appropriates money from the state general fund to supplement the current service liability and fund the prior service costs of Plan 2 in accordance with the recommendations of the Pension Funding Council and the LEOFF Plan 2 Retirement Board. This special funding situation is not mandated by the state constitution and could be changed by statute.

Note 9 - Property Tax

The county treasurer acts as an agent to collect property tax levied in the county for all taxing authorities. Collections are distributed after the end of each month.

Property tax revenues are recognized when cash is received by the City of Elma. Delinquent taxes are considered fully collectible because a lien affixes to the property after tax is levied.

The city's regular levy for the year 2021 was $2.2357257 per $1,000 on an assessed valuation of $325,927,067 for a total levy of $728,684.

The city's police levy for the year 2021 was $0.7749443 per $1,000 on an assessed valuation of $322,550,695 for a total levy of $249,959

Note 10 – Risk Management

WCIA Member Financial Statements

The City of Elma is a member of the Washington Cities Insurance Authority (WCIA). Utilizing Chapter 48.62 RCW (self-insurance regulation) and Chapter 39.34 RCW (Interlocal Cooperation Act), nine cities originally formed WCIA on January 1, 1981. WCIA was created for the purpose of providing a pooling mechanism for jointly purchasing insurance, jointly self-insuring, and / or jointly contracting for risk management services. WCIA has a total of 166 members.

New members initially contract for a three-year term, and thereafter automatically renew on an annual basis. A one-year withdrawal notice is required before membership can be terminated. Termination does not relieve a former member from its unresolved loss history incurred during membership.

Liability coverage is written on an occurrence basis, without deductibles. Coverage includes general, automobile, police, errors or omissions, stop gap, employment practices, prior wrongful acts, and employee benefits liability. Limits are $4 million per occurrence in the self-insured layer, and $16 million in limits above the self-insured layer is provided by reinsurance. Total limits are $20 million per occurrence subject to aggregates and sublimits. The Board of Directors determines the limits and terms of coverage annually.

Insurance for property, automobile physical damage, fidelity, inland marine, and boiler and machinery coverage are purchased on a group basis. Various deductibles apply by type of coverage. Property coverage is self-funded from the members' deductible to $750,000, for all perils other than flood and earthquake, and insured above that to $400 million per occurrence subject to aggregates and sublimits. Automobile physical damage coverage is self-funded from the members' deductible to $250,000 and insured above that to $100 million per occurrence subject to aggregates and sublimits.

In-house services include risk management consultation, loss control field services, and claims and litigation administration. WCIA contracts for certain claims investigations, consultants for personnel and land use issues, insurance brokerage, actuarial, and lobbyist services.

WCIA is fully funded by its members, who make annual assessments on a prospectively rated basis, as determined by an outside, independent actuary. The assessment covers loss, loss adjustment, reinsurance and other administrative expenses. As outlined in the interlocal, WCIA retains the right to additionally assess the membership for any funding shortfall.

An investment committee, using investment brokers, produces additional revenue by investment of WCIA's assets in financial instruments which comply with all State guidelines.

A Board of Directors governs WCIA, which is comprised of one designated representative from each member. The Board elects an Executive Committee and appoints a Treasurer to provide general policy direction for the organization. The WCIA Executive Director reports to the Executive Committee and is responsible for conducting the day to day operations of WCIA.

The City self-insures for Unemployment compensation as a reimbursable entity through the Washington State Employment Security Department. The City had no Unemployment Claims in 2021.

Note 11 – Other Disclosures

Deferred Compensation Plan

The City of Elma offers its employees two deferred compensation plans created in accordance with internal revenue code section 457. These plans are with NRS (Nationwide Retirement System) and the State of Washington Committee for Deferred Compensation. The plan is available to eligible employees and permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency.

The city's Clerk-Treasurer retired in June 2021 and the new Clerk-Treasurer was hired in August.

The city council approved the purchase of new financial, payroll, utility billing, and cash receipting software for 2022. Springbrook Express will begin implantation in January 2022 and will update the cities electronic history back to 2021.

The City of Elma Fire Department annexed into Fire District #5, which will go into effect on January 1, 2022. In anticipation for the loss in revenue, the city budgeted for a loss of $150,000 in tax revenue for the 2022 budget. This was based off an estimate of 2020 figures calculated with an annexation and without. With annexation, the 2020 city tax revenue was estimated to be $590,496, and the 2020 city tax revenues without an annexation would be $719,088, making the potential loss $128,592. The city increased the estimated loss to $150,000 until actual numbers will be available in 2023.

Dear Elma City Council Members,

As you may be aware, one of the sergeants of the police department is out of service for the unknown future. He is out on an L & I injury and awaiting surgery to repair the issue.

In his absence, we have been short one officer for shift coverage. We have readjusted the schedule to accommodate as much as possible. As we are approaching the summer months, many of my team members look forward to vacations. In the absence of full coverage, this often leads to the use of overtime and the overextension of staff.

I am respectfully requesting the consideration of allowing me the option of hiring a provisional officer or reserve officer to alleviate the need for overtime and or excessive work schedules. This would provide the option of hiring a temporary officer at a rate of $33.00-37.00 an hour with no benefits attached. The assignment of a provisional officer would be no longer than 6 months pending a request for extension.

Thank you all for your Consideration,

Susan Shultz
Chief of Police

Carolyn,

Thank you for your responce to my request made in June 2020, in which I requested to work out a plan to resolve the issue of your mower and garage being placed on my property. Although your responce is not helpful.

In your note you referance a fire code, would you share that code with me please. Regadless, the Elma Building Inspector in a conversation regarding my plans for a fence asked me to give you 18" (1 foot 6 inches) of space along your garage for you to maintain your wall, and I agreed to do that (although not required).

Some of the projects I'm hoping to get done this year are:

- More my shed which will be to the south of your garage. This will require you to move anything that would obstruct.
- I'm going to even out the property in preperation for my fence. Any hardscape or property you have in that area needs to be moved. Your lilac bush could also be moved.

Again, any suggestions on solving the matter, as long as they are constructive, are welcome. And again, you may want to consult an attorney as to your rights.

Thanks for your time and consideration

Cindy

Carolyn

Here's a copy of my survey and a couple of extra sheets I had drawn up to show more specifics as to the encroachment issue with your garage.

My kids don't want me to lose any property which is about 5% of my total.

Leaving as is, is not an option. It's been over 45 days since my pins were set in my yard so if you could get back to me on your thoughts on how to solve this issue within the next 10 days, would be great.

With any option we agree upon you will need to prepare and file a boundry line ajustment with the County.

Thanks
Carolyn

Candy,

Just a Quick Note:

Per your Conversation with My Daughter I know what your intentions for the stakes in the yard.

Once Again: You know there is A 7 foot variance Between Any fence And Building, this IS A Fire Code Policy AS you have Already been Informed.

In Reference too: the Letter you Sent me I did Complain to the City of Elma Thats Why you got A Visit.

IF you have Any Issues Your Attorny Should Contact the City of Elma Attorney.

RE: Boundary Line Issues
Our File Number: O515

Dear Mr. Huisingh:

I write to you as the attorney for Candy Pittman. I reviewed your letter to Ms. Pittman dated September 6, 2020 and I have also reviewed the survey you obtained from Wynooche Mapping and Surveying as well as the survey my client obtained from Chehalis Valley Associates.

This is clearly a unique situation. My understanding is that the homes owned by you, Carolyn Howard, and Ms. Pittman were all constructed nearly 50 years ago. I have no idea why, but each of your homes was built at a diagonal angle relative to your boundary lines. As disclosed by the surveys, Ms. Howard's home encroaches onto Ms. Pittman's property. Ms. Pittman's driveway and shed encroach onto your property.

Regardless of where the legal boundary lines are located, this appears to be a clear cut case of adverse possession. The historic use of your respective properties demonstrates a mutual recognition of and acquiescence to boundary lines that mirror how the improvements on the respective properties were constructed.

To establish a claim of ownership by adverse possession, a party must show that possession lasted for 10 years and was (1) exclusive, (2) actual and uninterrupted, (3) open and notorious, and (4) hostile. *Acord v. Pettit*, 174 Wn. App. 95, 103, 302 P.3d 1265 (2013). Here, all of the respective homes and associated improvements were constructed nearly 50 years ago. I have viewed historic aerial photographs of the properties going back more than 10 years, and the encroachments are open and obvious in all of the photographs.

If this matter proceeds to court, then I am confident that any judge reviewing this matter will redraw the boundary lines to conform to the historic use. However, I would propose that the parties voluntarily agree to a boundary line adjustment to avoid the time and expense of a lawsuit.

Enclosed with this letter is a map of the properties where I have drawn two red lines indicating the approximate location where the boundary lines should be moved to conform to the historic use.

There would be several steps required to complete a boundary line adjustment. First, the parties would have to agree where the new boundary lines should be located. Second, the parties would need to hire a surveyor to create new legal descriptions for the three lots as well as a revised survey map. Third, a boundary line adjustment application will need to be submitted to the city and county for approval. The total cost for this process, including the survey work, will likely be in the range of $2,500 - $3,500. I would propose that this cost be split equally among the three owners.

Please consider this proposal and advise whether you are agreeable. As discussed above, I think it is a foregone conclusion that a judge will redraw the boundary lines if we are forced to litigate this matter. Furthermore, if a lawsuit becomes necessary the judge has discretion to award attorney fees to the prevailing party. RCW 7.28.083(3). It is in everyone's best interest to avoid the needless time and expense of trial and agree to a boundary line adjustment. I would strongly encourage you to review this matter with an attorney. My expectation is that the attorney will confirm the legal opinions I have set forth in this letter and advise you to agree to the boundary line adjustment.

I respectfully request that you provide a response to this letter by November 30, 2020 advising how you wish to proceed. Thank you in advance for your prompt attention to this matter.

Very truly yours,

INGRAM, ZELASKO & GOODWIN

Dear Candy
I am going to put this in writing to avoid confusion, misunderstandings and attitudes.

October of 2019, I put up a temporary cinder block & cherry tone boarder about a foot off the ground to outline approximately my property lines. This was only placed in position to keep people from driving or riding bicycles through my yard and over the building pad. You immediately go down to city hall and complain to the building inspector. Then the Building inspector had to come to the house and tell me 'not' to do anything permanent until we knew where the corner markers were. I had no intentions of putting up anything until property was surveyed. When I arrived back from Arizona in May 2020, you tore down and moved my blocks away from my property line. I asked you why, and you proceeded with an attitude to say my measurements were not accurate.

So, to solve this problem, I paid $1400 for the survey and filed it legally with the county. Once I found out that your shed was on my property and Carolyn's garage is on your property, I offered you 12 ft of the South East corner so that the two of you would not lose ground. But only if You and Carolyn would pay for half the survey and pay for the boundary adjustments. At this point, you said 'No', plus Carolyn would have to pay it all.

Then,I gave you 30 days to remove your items from my property because I was putting up a fence. Again, with the attitude, that I was wrong, and plenty of text messages, you said you were going to have it surveyed one more time. However, your surveyor used my corner markers which would constitute you owing me $350. The bottom line is that we now know the legal boundary between us. Because of your attitude and lack of willingness to work together with this issue, you and Carolyn will have to battle the boundary lines and her garage situation amongst yourselves.

I put up a perfectly brand-new fence and within three days there was damage only on your side. The three-man crew all said that each panel placed was in good condition at the time of installment. Once this fence is repaired, any further damage on the east side will be your full responsiblity.

Besides the harassment you did through text messages, you have put up No Trespassing signs on each end of the fence. By Washington state law, if you deny me access for maintenance it will determine that you have to maintain the fence. It will also constitute usage by your part and therefore you will have to split the cost of the fence. Your amount will be $2100.

Please note:

RCW 16.60.020

Partition fence—Reimbursement.

When any fence has been, or shall hereafter be, erected by any person on the boundary line of his or her land and the person owning land adjoining thereto shall make, or cause to be made, an enclosure, so that such fence may also answer the purpose of inclosing [enclosing] his or her ground, he or she shall pay the owner of such fence already erected one-half of the value of so much thereof as serves for a partition fence between them:

Before we continue to argue and act foolhardily, please think about us as neighbors for the duration. Also, considered where the boundary markers are and that I am legal in everything I have done. I did not deserve your sarcasm or harassment and therefore should get an apology. Although you don't like the white fence, I have recently noticed that you are enjoying the sunshade it has provided along with the privacy.

One major thing you have failed to address is that your water line sits on my side of the markers. If you want to put up No Trespassing signs to keep me from maintaining my fence, then I should put up No Trespassing signs to keep you from fixing your water line.??

So, By the law, I can legally take you to court to collect half the cost of the fence and part of the survey, or you can voluntarily pay me $2450 without any further questions or additional expense and I will allow access to your water line.

If you choose 'not' to pay your half, then I will give you a 30- day notice to remove your water line and you can incur that cost, plus the future court cost.

Your decision, your next move and your attitude will set the platform for us as neighbors.

Sincerely,

Norman Huisingh

grandfather clause

n.

1. A provision in a statute that exempts an activity or item from new regulations that would otherwise prevent engagement in that activity or use of that item.
2. A clause in some southern state constitutions that exempted descendants of persons allowed to vote prior to the Civil War from subsequent voting restrictions, meaning that such restrictions disfranchised many African Americans while not applying to many whites.

Grandfather Clause

By WILL KENTON | Updated Feb 8, 2020

What Is a Grandfather Clause?

A grandfather clause is an exemption that allows persons or entities to continue with activities or operations that were approved before the implementation of new rules, regulations, or laws. Generally speaking, a grandfather clause only exempts people or entities engaged in specified activities before new rules being put in place, while all other parties must abide by the new rules. However, these clauses effectively place two sets of rules or regulations on otherwise similar businesses or circumstances, which can create unfair competitive advantages for grandfathered parties. In these situations, grandfather clauses may only be granted for a set period.

Investopedia

KEY TAKEAWAYS

- A grandfather clause is a provision that allows people or entities to follow old rules that once governed their activity instead of newly implemented ones, often for a limited time.
- The term originated during the US Civil War era and referred to statutes enacted in the South to suppress African American voting.
- Grandfather clauses can be permanent, temporary, or instituted with limits.
- Grandfather clauses often apply to zoning laws, when the purpose of a development changes.

Understanding the Grandfather Clause

The origin of the term refers to statutes put in place after the Civil War by seven Southern states in an attempt to block African Americans from voting while exempting white voters from taking literacy tests and paying poll taxes required to vote. In the statutes, white voters whose grandfathers had voted before the end of the Civil War were

Investopedia

exempt from taking the tests and paying the taxes under the grandfather clause. The statute was deemed to be unconstitutional by the Supreme Court in 1915 because it violated equal voting rights, but the use of the term indicating rights prior to rule changes carries on.

1965

The year that Lyndon B. Johnson introduced the Voting Rights Act, which enabled Congress to end discriminatory voting practices, such as the grandfather clause.

Types of Grandfather Clauses

Depending on specific circumstances, grandfather clauses can be implemented in perpetuity, for a specified amount of time, or with specific limitations. In situations where this clause creates a competitive advantage for the grandfathered party, exemptions are usually granted for a specified period to allow existing businesses to make the changes necessary to comply with new rules and regulations. Clauses with specific

limitations may also be put in place to prevent unfair competition, such as prohibitions on the expansion, remodeling, or retooling of an existing facility.

Examples of Grandfather Clauses

One of the most common uses of grandfather clauses is found in changing zoning laws. For example, in situations where changes in zoning laws prohibit new retail establishments, the existing stores are typically granted grandfather clauses allowing them to stay in business if they abide by specified limitations. A common limitation in these circumstances is the sale of a business, which can void the grandfather clause.

Grandfather clauses are also common in the embattled coal industry. For example, new regulations on carbon emissions are being applied to proposed plants, while grandfather clauses for specified time frames have been granted to existing coal-powered facilities. In part, the clauses are being put in place to allow coal-powered plants time to integrate emission controls and to allow workers and communities enough time to transition away from the industry.

Re: Pittman Property (Lot 6)

I have yet to receive the copy of the Fire code you refer to in your note of May 19, 2022. I also requested that the City provide me a copy, which is over a week ago. My only conclution is this code does not exist. Therefore I plan to preceed to protect my property rights.

I do however give you my permission to use my property which is located in your home and garage and concrete area on the west side which also includes 18"

along the garage west wall.

This permission is meant to interup any claim to Adverse Possesion.

I am asking that you, your guests etc. respect my property and my right to it. Hopefully this will stop any further attacks on me or my guests like the one that happened on June 8 2022.

It is truly a shame you didn't join my Action Against Norm because this issue would have been solved by now!

Again, I will remind you, you may want to consult an Attorney as to any rights you may have.

I have included another copy of my Survey.

RESOLUTION NO . 700

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ELMA AUTHORIZING REIMBURSEMENT FOR TRAVEL AND MEALS WHEN CONDUCTING OFFICIAL CITY BUSINESS

RECITALS:

WHEREAS, City of Elma employees, Mayor, and council members may occasionally need to travel on official City business; and

WHEREAS, in order to assure the property expenditures of public funds, the City Council needs to enact a policy to govern the manner and amount that expenses incurred for such travel will be reimbursed by the City; and

WHEREAS, it is the Council's intent to adopt a "per diem" policy to reimburse City Council members, the Mayor, and employees for bona-fide City related meal expenses incurred while traveling on City business; and

WHEREAS, the Washington Office of Financial Management (OFM) has adopted per diem reimbursement rates for State of Washington employees; and

WHEREAS, the Internal Revenue Service annually adopts a motor vehicle mileage rate that is widely used by government agencies; and

WHEREAS, it is in the best interest of the City to adopt OFM per diem rates and the IRS mileage schedules for City travel cost reimbursement purposes, as these rates may be amended from time to time; and

WHEREAS, the purpose of this Policy is to adopt schedules by reference and to set forth a policy that governs travel reimbursement generally.

NOW, THEREFORE, THE ELMA CITY COUNCIL DOES HEREBY RESOLVE to adopt the following travel reimbursement policy:

The Washington Office of Financial Management per diem rates for lodging and meals, and the IRS rates for mileage reimbursement, and updates thereto, are hereby adopted by reference, and shall be used to calculate the amount of reimbursement to council members, the Mayor, and city employees for official city business.

Bona fide travel expenses not covered by OFM or IRS per diem rates will be paid at actual cost, provided they are clearly related to city business and are adequately documented, as determined by the Mayor. Certain items will be reimbursed without documentation, if clearly related to city business and those items normally do not produce documentation, such as parking meter expenses.

No employee may authorize the reimbursement of their own expenses. In the case of a city council member's reimbursement request, or the mayor's reimbursement request, the Council must approve the request. All other expenses may be approved by the Mayor.

In extraordinary circumstances, actual expense may be approved instead of per diem provided an detailed explanation of the situation warranting use of actual expense is submitted with the reimbursement request and adequate documentation of the expense incurred is submitted.

Any request for reimbursement of expenses shall be prepared by the requestor on a travel expense reimbursement form approved by the Mayor, and signed by the requestor, Mayor, or Mayor pro tem, as the case may be. All requests must include a detailed explanation of the items to be reimbursed and a statement that sufficiently describes the City business for which the expense was incurred. Reimbursement requests may not be made until after travel is complete.

This resolution replaces any other travel expense resolution or policy previously approved by the City.

PASSED THIS 7th DAY OF FEBRUARY 2022, by the City Council of the City of Elma, and signed in authentication thereof this 7th day of ~~September~~ February 2022.

POW/MIA
CHAIR OF HONOR

Rolling Thunder Chair of Honor Program

- The Rolling Thunder®, Inc. National POW-MIA Chair of Honor Program is intended to support Rolling Thunder's main mission by bringing daily reminders of the POW-MIA issue to cities and towns, big and small, across the nation

- A POW-MIA chair in any location is to remain perpetually empty to help people remember that even though our soldiers are not here, there is still a space for them.

- POW/MIA Chairs of Honor can be found in public spaces ranging from professional sports stadiums to small town city halls, and everywhere in between. Rolling Thunder®, Inc. chapters nationwide also have portable POW-MIA Chairs of Honor for their individual chapter activities, like VA facility visits and local veterans' events.

Rolling Thunder
Chair of Honor Program

- The Chair of Honor can be an stadium chair, for a permanent display location, indoors or outdoors, along with a plaque about the Chair of Honor, or

- The Chair of Honor can be the "temporary", folding chair model, with the POW/MIA logo and Chair information embossed/screenprinted on the Chair.

- The folding chair model normally has a semi-permanent display location, and then is moved to temporary locations for display during Veterans/Memorial events, such as rallies or parades.

RESOLUTION NO. _____

A RESOLUTION ADOPTING A SIX-YEAR STREET PLAN FOR THE CITY OF ELMA.

R E C I T A L S:

1. The City Council and Mayor have received the recommendations of the Public Works Director in relation to the requirements and programming involved with the six-year street plan. The most recent update was accomplished by the adoption of Resolution 689.

2. A public hearing requesting input from the citizens was held on June 21,2022, after the provision of appropriate notice.

3. The Council wishes to formally adopt those recommendations as they have been recommended by the Director subject to retained authority to authorize any modifications and expansions subsequently authorized by the Council as the result of changes in condition.

NOW, THEREFORE, BE IT RESOLVED AS FOLLOWS BY THE CITY COUNCIL OF THE CITY OF ELMA, THE MAYOR SIGNING IN AUTHENTICATION THEREOF:

SECTION I: That certain listing of streets and the priorities established thereon, attached hereto as Attachment Number 1 and incorporated by this reference, shall be and is

CITY OF ELMA
P.O. BOX 3005
ELMA, WA 98541

hereby adopted as the Six-Year Street Plan for the City of Elma, as that plan is required and designated by the appropriate divisions and agencies of the State of Washington, including but not limited to the Department of Transportation. This plan shall remain in effect until subsequently amended or succeeded.

SECTION II: The provisions of Resolution 689 shall be deemed superseded by the adoption of this resolution.

SECTION III: The Clerk-Treasurer and the Director of Public Works shall provide such distribution of this Resolution as may be required by law or is found to be in the City's best interests from time-to-time.

PASSED THIS_____ DAY OF JUNE 2022, by the City Council of the City of Elma, and signed in authentication thereof this__day of____, 2022.

SUBJECT: Finance Department Staff Report

On April 29, Governor Inslee issued Proclamation 20-28.16, rescinding the Proclamation 20-28 series (which affects open public meeting requirements and public records requests) effective at 12:01 AM on June 1, 2022. Effective June 1, meetings subject to the Open Public Meetings Act (OPMA) are no longer required to be held remotely. The default is that meetings will again be held at a physical location. Telephonic or video access to public meetings is no longer required once the proclamation expires, though it is encouraged by ESHB 1329. However, if the agency allows verbal public comment during a regular meeting, ESHB 1329 *requires* the agency — "when feasible" — to provide an option for verbal public comment to be submitted by telephonic or videoconferencing means during the meeting to: "any individual who will have difficulty attending a meeting of the governing body of a public agency by reason of disability, limited mobility, or for any other reason that makes physical attendance at a meeting difficult."

The annual report is completed and uploaded on the State Auditor's website on May 26th. A copy of the report is provided in the packet for your review, and I am requesting the council to approve the final copy that was submitted. One of the biggest challenges in the report this year was separating the water/sewer combined fund and the water/sewer construction combined fund into individual funds. The State Auditor's Office required this to be completed or the website would reject the entire financial report.

Washington Cities Insurance Authority (WCIA) is the city's insurance carrier. They have requirements the city must meet to remain in compliance. The requirements include trainings and meeting attendance, which help keep the city updated on changes and important updates. One of the requirements is attendance, via Zoom, at a full board meeting. I attended the full board meeting on May 20, 2022.

On May 26, 2022, Jim Starks and I attended an AWC webinar titled, "Cities and the Bipartisan Infrastructure Law 2022", to stay informed on law pertaining to infrastructure. As billions of dollars become available through the federal Bipartisan Infrastructure Law (BIL) passed last fall, cities have a historic opportunity to fund much-needed infrastructure projects in their communities. The webinar addressed large projects and repairs and had a panel of federal and state experts that spoke about what to expect from the BIL and how to prepare for upcoming funding opportunities. Since this is Mr. Starks's area of expertise, I am certain he had a better understanding of the information provided.

On June 16, 2022, I attended MRSC's Legislative Update on 2022 Public Records Bill for an update on new legislative changes and requirements regarding public records. Since January 1, 2022, I have received 13 requests for public records. An update that impacts all cities is that public comment is now mandatory when action on an item will be taken. The City of Elma has always encouraged and provided opportunities for public comment, so this will not require any significant change in our meeting structure.

Re: Staff Report

The 12th St. water and street project is starting this week and will hopefully be all wrapped by the time school starts in late August.

The 11th St. Lift Station is operational, the third pump has been installed there is some remaining warranty work to be completed on the 3rd pump. We are awaiting all the State wage affidavits to be approved before requesting final acceptance and payment.

The park netting has been installed. We are moving forward on the batting cage siding replacement, door replacements and exploring the lighting upgrade issues.

East Main St. Intersection Eval. The RFQ was issued and we have received only one Statement of Qualifications; that being from our current consulting firm. I have submitted the SOQ to WSDOT Local Programs for their review. I have yet to hear back from them as to next allowable steps.

I have been asked to provide more content in the request for proposal by asphalt contractors for the city funded, proposed milling/grinding and overlay project. I hope to have the RFP refined and re-distributed very soon. Again, each street will be addressed as separate schedules and the final selection based on available funding.

Theater Demo, The Dept. of Commerce is rolling out a program for abatement and site clean-up that provides low-interest loan and /or small grants. The Stantec folks are submitting some early paperwork for us as to what type of help Commerce may be able to provide.

As previously provided, please see below:

the consultants working with us on the EPA Brownfield Grant Program -Area-Wide Planning effort has informed us that EPA has announced new funding limits for the Cleanup Grants, up to $5 Million dollars per grant (previously $500,00.00).
However, the applications are not being accepted until Fall 2022 and funds would not be available until late Spring of 2023. Currently we are looking at approximately $600,000 for demolition.

We have hired a replacement for the Assistant Wastewater operator. First day on the job is Tuesday June 21st.
